Trustees' Annual Report (continued)

Structure, Governance and Management

Constitution

The Charity is a Scottish Charitable Incorporated Organisation (a SCIO). It was registered in its current legal form on 17/06/2015.

Appointment of trustees

The trustees were elected on the day the charity was registered. Trustees are elected at the annual general meeting which is held in September. There must be a minimum of three trustees and a maximum of 15. A person will not be eligible for election or appointment to the board unless he/she is an individual member of the organisation, or a Nominee acting for a Corporate Member.

Objectives and Activities

Charitable purposes

The organisation's purposes are:

1. the prevention or relief of poverty,
2. the advancement of education, and
3. the advancement of health.

The Geno Project (Geno) aims to provide educational support to students from the Homa Bay District in Kenya. The charity's main focus is on providing scholarships to students to attend secondary school, state university and college.

Activities

The charity provides scholarships to students from the Homa Bay District to attend secondary school, state university and college.

The primary activity for the Geno Project is to offer scholarships to initially the top two girls and top two boys from Osika primary school to attend secondary school. The scholarships for the top two girls and top two boys are awarded based on merit and any further scholarships are awarded based on the discretion of the Trustees. The aim is to offer at least 15 to 25 new scholarships each year.

A second key activity of the Geno Project is to provide scholarships to candidates who have been accepted to state university or college. Being accepted to state university is a great accomplishment in Kenya. The university fees are paid by the government and the standard of education is high; the scholarship therefore relate to living expenses. If the students do not achieve the required grade for University, then a scholarship to attend college may be considered. We estimate that every year at least 10 new scholars will be admitted to university or college.

Trustees' Annual Report (continued)

Objectives and Activities (continued)

This year students starting university or college also received a laptop as part of the scholarship program. Previously laptops were donated privately by one individual, however the trustees deemed it appropriate to include this as part of the scholarship program as it is essential for the students success at University and College.

Scholarships are paid from a Kenyan based charity called Geno Osika Education Development Trust CBO (Geno Osika) which is funded from grants from the Geno Project.

Achievement and Performance

In 2021 a total of 154 scholarships were awarded to 144 students. From these, 102 students were awarded a scholarship to support their secondary school education and 42 Students were awarded a scholarship as part of their further education at university or college. In 2020 due to the Covid-19 Pandemic the start of secondary Schools in Kenya was postponed to later in 2021. Therefore scholarships towards secondary school education have increased significantly compared to the previous year. Rebecca Ariko and Eunice Atieno manage the awarding and payment of the scholarships in Kenya and the trustees volunteered their time and commitment.

Rebecca and Eunice organise regular seminars for the students to guide them through their education and provide additional support where needed. Due to the Covid-19 pandemic no seminar was held during 2021, however they maintained regular contact with the students.

Financial review

Our main source of funding is donations from a select pool of donors. The total amount raised during the year to 31 December 2021 was £274,856. The cost of scholarships for the year amounts to £63,539, significantly higher compared to previous years due to the deferral of the start of secondary schools. At the year end, the charity had a bank balance of £254,233.

Reserves Policy

The trustees' policy is to retain 12 months worth of budgeted running costs in order to meet commitments and to cover any unexpected expenditure. 12 months expenditure stands at £65,648, well below the bank balance. A significant donation was made just before the year end that will be used up in the coming years and bring the reserves back to the desired level.

Plans for future period

In addition to the 144 students who were awarded scholarships in 2021, the charity has committed to support a further 40 students throughout their secondary school education. In addition the charity aims to continue their scholarship program for the foreseeable future accepting at least 10 to 15 new students to the secondary school scholarship program every year.

The trustees aim to raise additional funding through continued appeals to the charity's select pool of donors.

Trustees' Annual Report (continued)

Objectives and Activities (continued)

Coronavirus

The Coronavirus (Covid-19) outbreak, which has affected the UK and Kenya, caused Education in Kenya to be disrupted with schools and Universities pausing lessons. Consequently some courses have been extended and some students have had to repeat a year. As such additional ad hoc scholarships have been awarded to some students to help them through this challenging time. Little further financial reproductions are expected. The trustees are of the opinion that the charity remains a going concern.

Independent Examiner's Report to the Trustees of the Geno Project

I report on the accounts of the charity for the year ended 31 December 2021 which are set out on pages 7 to 9.

Respective responsibilities of trustees and examiner

The charity's trustees are responsible for the preparation of the accounts in accordance with the terms of the Charities and Trustee Investment (Scotland) Act 2005 and the Charities Accounts (Scotland) Regulations 2006. The charities trustees consider that the audit requirement of Regulation 10(1) (d) of the Accounts Regulations does not apply. It is my responsibility to examine the accounts as required under section 44 (1) (c) of the Act and to state whether particular matters have come to my attention.

Basis of independent examiner's statement

My examination is carried out in accordance with Regulation 11 of the 2006 Accounts Regulations. An examination includes a review of the accounting records kept by the charity and a comparison of the account presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeks explanations for the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently I do not express an audit opinion on the view given by the accounts.

Independent examiner's statement

In the course of my examination, no matter has come to my attention:

1. which gives reasonable cause to believe that in any material respect the requirements:
 - to keep accounting records in accordance with Section 44(1) (a) of the 2005 Act and Regulation 4 of the 2006 Accounts Regulations; and
 - to prepare accounts which accord with the accounting records and comply with Regulation 9 of the 2009 Accounts Regulations;have not been met; or
2. to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

Chairman and Trustee to the Geno Project

Approved 21st September 2022

Notes to the accounts – for the year ended 31 December 2021

1 Basis of accounting

These accounts have been prepared on the Receipts and Payments basis in accordance with the Charities & Trustee Investment (Scotland) 2005 and the Charities Accounts (Scotland) Regulations 2006 (as amended).

2 Nature and purpose of funds

Unrestricted funds are those that may be used at the discretion of the trustees in furtherance of the objects of the charity. The trustees maintain a single unrestricted fund for the day-to-day running of the charity.

Restricted funds may only be used for specific purposes. Restrictions arise when specified by the donor or when funds are raised for specific purposes. No restricted donation were received during the financial year. All other donations were unrestricted and used at the discretion of the trustees.

3 Donations

	Unrestricted Funds	Restricted Funds	Total 31/12/2021	Total 31/12/2020
	£	£	£	£

Exchange rate movement	1,986	-	1,986	-104
Cost of Charitable Activities	63,539	-	63,539	24,330

5 Related Party Transitions

In 2016 the Geno Osika Education Development Trust CBO (Geno Osika), a Kenyan based charity, was set up to facilitate the scholarship payments to the numerous students. Geno Osika is an independent charity that works closely with the Geno Project. Geno Osika identifies potential students and collates the applications and supporting documentation. This is then reviewed by the trustees of the Geno Project. Once approved a deed of gift is made out to Geno Osika, which includes the total amount awarded as well as a list of students and the individual amounts awarded to each student. After payment of the scholarships, Geno Osika provides a copy of each cheque, which is then traced to the bank statement. The Geno Project ensures Geno Osika has sufficient funds in their bank account to cover any bank charges or emergency scholarships which explains the loan balance at the yearend between the Geno Project and Geno Osika. All employees at Geno Osika are volunteers and do not receive remuneration for their services. The Geno Project is the sole donor to Geno Osika. During the year total grants of £60,947 was paid to Geno Osika of which £40 is still outstanding.

There has been no trustees' remuneration and no trustee expenses for the year to 31 December 2021.
